## REMARKS

In an Official Action dated March 12, 2008, the Examiner rejected claims 1-2, 7, 12, 20, 25-28, 31, 34 and 39-41. However, the Examiner indicated that claims 3-6, 8-11, 1, 19, 21-24, 29, 30, 32, 33, 35-38, 42 and 43 were allowable over the prior art, but were objected to as being dependent from a rejected claim. Applicant has amended to the claims to overcome the Examiner's objections. Therefore, Applicant requests that the Examiner reconsider the rejection of the claims.

Claim 1 has been amended to incorporate features of dependent claim 6, which the Examiner indicated as being patentable over the prior art. Therefore, Applicant believes that claim 1 and dependent claims 2-5 and 7-15 are allowable.

Claim 16 has been amended to incorporate features of dependent claim 18, which the Examiner indicated as being patentable over the prior art. Therefore, Applicant believes that claim 16 and dependent claims 17 and 19-30 are allowable.

Claim 31 has been amended to incorporate features of dependent claim 42, which the Examiner indicated as being patentable over the prior art. Therefore, Applicant believes that claim 31 and dependent claims 32-41 are allowable.

Newly presented claim 44 incorporates features of claim 43, which the Examiner indicated as being patentable over the prior art. Therefore, Applicant believes

Patent Application No. 10/653,693

that claim 44 and dependent claims 45-53 are allowable.

Newly presented claim 54 incorporates features of claim 21, which the

Examiner indicated as being patentable over the prior art. Therefore, Applicant believes

that claim 54 and dependent claims 55-62 are allowable.

In light of the foregoing, Applicant believes that this application is in form

for allowance. The Examiner is encouraged to contact Applicant's undersigned attorney

if the Examiner believes that issues remain regarding the allowability of this application.

Respectfully submitted.
